The committee is also looking for donated equipment to be used by employees in the exercise room at the outdoor arena in Fillmore.

Treasurer John Hansen said the estimated amount of the county's earned interest for next year will be decreased due to the drop in the interest rate. He said he talked to Arlene Bartholomew at Duanes who is concerned about not receiving any official notice on the sales tax increase. Businesses would like to know how the increase will affect their businesses. Treasurer Hansen thought it would be a courtesy for the Commissioners to give the county's business owners some notice of the sales tax increase before they are notified after the fact by the State Tax Commission.

Treasurer Hansen made a statement concerning the 2008 budget. He said in order for the Commissioners to pass a Resolution adopting a final budget, definite figures should have been

available before the meeting today. He expressed that he was rather embarrassed that the county was to a point to adopt a budget and they did not have the figures ready to provide for the public to review.

A request for an Assessor adjustment was made by Glade Stevens on personal property with account number B008089. The trailer was previously owned by the Baptist Church and was given to Mr. Stevens and has sat on his property for two years. The taxes owing on the trailer for 2007 are \$11.21 and the market value is \$1,000. Mr. Stevens said the trailer has no value due to the poor

condition of the inside.

Commissioner Walker made a motion to deny the request to remove the value on Glade Stevens' mobile home for 2007.

Commissioner Cooper SECONDED the motion. The voting was unanimous and the motion carried.

The deadline for filing an application for exempt status was in March. The amount of property tax due on each parcel is \$328.29.

Commissioner Walker made a motion to deny the request made by Utah Housing Development Company to have the county grant them an exempt status for 2007. If they want to come in and file an application for 2008 by the March deadline, the Commissioners will consider an application at that time. The taxes for 2007 will need to be paid.

Commissioner Cooper SECONDED the motion. The voting was unanimous and the motion carried.

Commissioner Smith said that any property adjustments that need to be made due to a county error(s) will be given to the Treasurer to make the adjustments. Assessor Talbot was asked to bring the tax adjustments to Commission meeting throughout the year to be considered by the Commissioners.

Assessor Talbot advised the Commissioners that there will be a 15 percent increase in the property taxes on homes in 2008.

Commissioner Walker made a motion to go out of the BOE.

Commissioner Cooper SECONDED the motion. The voting was unanimous and the motion carried. The BOE meeting ended at 2:25 p.m..

In response to earlier comments, Commissioner Smith said that the Commissioners had the authority to amend the budget up until the time the 2008 budget was adopted. Because of the last minute changes, the Auditor had not been given time to print the totals on the final budget. However, a final budget figure had been presented.

DISCUSSIONS FROM EACH COMMISSIONER, COUNTY ATTORNEY, ELECTED OFFICIALS AND SECRETARY

Commissioner Cooper, Mark Ward, Emery Polelonema and Dean Draper attended a meeting in Wendover, Nevada with the Federated Tribe of the Goshute Indians. The Goshute Indian Tribe has not been involved with the process on the Southern Nevada water proposal. They are committed to work with Juab County, Millard County, Tooele County, Utah Association of Counties and Six County on a Memorandum of Understanding with these entities. The Tribe is applying to be a cooperating agency in the Bureau of Land Management EIS process on the pipeline.

Commissioner Smith and Attorney Waddingham attended the annual UCIP board of directors meeting. Commissioner Smith said that the bylaws were changed to elect the director to a four year term instead of a two year term. All the financial data was reviewed. Commissioner Smith said he was unsuccessful in his bid for a director position. He announced that Director Lester Nixon had left his position and Mark Brady will serve as the interim director. UCIP is doing very well and they have recently picked up Cache County and Sanpete County for health care insurance which brings the number to six hundred participants. UCIP will now qualify to be its own insurance pool with PEHP next year.

Commissioner Smith has been appointed to be an alternate on the Utah Behavior Health Network (UBHN) Committee.

On December 7, all three Commissioners met with the Utah Department of Transportation, the Division of Wildlife Resources and the US Forest Service to discuss using the Scipio Overpass Interchange (exit 184) as a potential wildlife crossing. Issues brought out during the meeting:

- The overpass is located at a natural wildlife movement area between the Pahvant and the Oak Creek Mountain Ranges.
- The overpass has largely eliminated migration of big game between those ranges.
- The overpass is critical for vehicles to exit the freeway.
- The overpass exit is a safety feature.
- The overpass serves as a turnaround and a place to chain up and check brakes.
- The county road department uses the exit when they plow the Scipio frontage road. Possible solutions that were suggested:
 - Signing the overpass
 - No overnight parking
 - Interpertative signs such as: Wildlife Crossing
- The use of concrete barriers in front of overpass to direct parking
- Have more law enforcement checks

UDOT and DWR monitored wildlife during the 2007 spring/summer migration period and found zero wildlife use, but found 24 hour truck and car parking.

The Millard County Commissioners support wildlife but view the exit as critical to motorists, especially during the winter storms.

All the Commissioners attended a salary structure meeting throughout the afternoon of December 12, 2007. They are working toward a county step and grade program.

Also, on December 12, Commissioner Walker and Commissioner Smith met with West Millard Maintenance Supervisor Kevin Morris and Recreation Director Max Wood to discuss the boiler breakdown at the West Millard Swimming Pool. A new boiler is needed to continue the operation of the West Millard Swimming Pool.
